WET AND DRY CONTEST

Expected to Be a Bitter
One, Both Sides Making
Claims as to Strength In
the Legislature—Pro-
visions of Garver Taxa-
tion Bill Subject of Much
Discussion.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 28.—The house
committee investigating election con-
test cases today ordered a recount of
ballots in five precincts in the city of
Columbus.

In announcing the decision, Chair-
man Whittemore said, "more densely
ignorant judges and clerks of elec-
tions I never have seen."

The investigating committee or-
dered the recount of ballots in the
five precincts on the ground of possi-
ble error on the part of election
judges and clerks. Several of the
election officers in these precincts
displayed ignorance on many
questions of general knowledge, in
the opinion of the committee.

The decision to order the recount
came only after a strictly partisan
vote in the committee, all the Demo-
cratic members of the committee op-
posing it.

Liquor interests claim of twenty
votes in the senate opposed to any
decentralization of the liquor license
system, was countered today by a
claim of dry forces that eighteen
senators would vote for the adminis-
tration decentralization bill. Since
there are 33 senators and seven-
teen votes would be necessary to
pass any measure, the assertions of
both sides amount to claims of victory.

Liquor interests asserted that
seven Republicans will join with the
Democrats in the senate in opposing
any such radical change in the
license system as decentralization.
Anti-liberal interests admitted three
Republicans will vote with Demo-
crats against decentralization, but
declared the other seventeen and one
Democrat will support the adminis-
tration bill.

Senator McDermott of Trumbull,
chairman of the temperance commit-
tee said today he is still working on
the decentralization bill and that it
would be introduced probably next
Tuesday. It is understood it will be
similar to the Fleming house bill,
but will provide a different set of
county officers to act as the licens-
ing authority.

Both wet and dry leaders today
were preparing for a better fight
soon on the Deaton house bill pro-
viding for compensation in cases of
death or injury of intoxicated per-
sons. Liquor interests indicated to-
day they entertain some hopes of de-
feating the license decentralization
program in the house if the Hamil-
ton county delegation continues to
stand firm for continuance of the
present system.

Representative Rover, of Hamilton
county said today he does not ex-
pect to be sponsor for the proposed
bill to compel saloons to close at 10
o'clock.

CARRANZA TAKES SECOND LARGEST CITY IN MEXICO

(ASSOCIATED PRESS TELEGRAM)
El Paso, Tex., Jan. 28.—Guadal-
ajara, second largest city in Mexico,
has been retaken by the Carranza
forces at a great loss to the Villa
troops, according to advices received
today by the Carranza agency.
It was announced that no tele-
graphic or railroad communication
existed south of Aguascalientes.
General Villa's base of operations
Adding to the complications in the
interior between the Villa, Zapata
and Carranza factions, it was learn-
ed that the troops of General Ynez
Salazar, on Sunday last, had occu-
pied Casas Grandes, an important
railroad and supply center of Chi-
huahua state. Salazar represents in
Mexico the former federal or "Cien-
tífico" element, which supported the
Eliaz and Huerta administrations.
Large quantities of arms and am-
munition were reported en route to
Salazar.

Dry Leaders Will Go To U.S. Supreme Court With Home Rule Amendment

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 28.—The fight of Ohio dry forces to have the home
rule amendment declared invalid will be taken to the United States Su-
preme court next Tuesday, according to announcement made here today.
The Ohio Supreme court unanimously upheld the validity of the amend-
ment in a decision handed down last Tuesday. The Federal court will be
asked to review the Ohio court's decision.
The ground for taking the case to the United States court is that
it is claimed the home rule amendment violates the welfare provision
of the preamble to the federal constitution.

FRENCH REPORT LANDSLIDE HAD PENNING TROOPS

IN OLD QUARRY WHICH AC-
COUNTED FOR HEAVY LOSSES
THEY SUFFERED

Severe Fighting Resulted in Response
of Germans Throughout the
Entire Day.

(ASSOCIATED PRESS TELEGRAM)
Paris, Jan. 28.—The French war
office this afternoon gave out an of-
ficial account of the hostilities which
is as follows:
"Yesterday was the anniversary of
the birthday of Emperor William of
Germany. Our adversaries announced
for this day a very particular ef-
fort but it was made by them, it
did not result to their advantage.
"The day was good for us along
all the front. Every German attack
was repulsed while every French at-
tack made progress.

In Belgium the positions of the en-
emy were shelled and several of his
trenches were demolished. To the
south of the Lys the British artillery
shelled the roads over which the
German troops were moving, as well
as the points where they were as-
sembling.
"In the sectors of Arras, Albert,
Roye, Noyon and Soissons there was
intermittent cannonading and rifle
firing at various points. The infan-
try of the enemy endeavored to come
out of its trenches to attack, but it
was at once driven back by a severe
fire.

In the region of Craonne the Ger-
man losses suffered by the Germans
on the 25th and the 26th of Janu-
ary undoubtedly reached the equal
of one brigade (a brigade in the
German army totals 6000 men).
The German prisoners in our hands
all are under the impression that
they have been strongly checked.
Our losses in dead, wounded and
missing for these two days are about
800 men and they can be explained
by two things, first, the severity of
the fighting, and second, by a partial
land slide in an old quarry in which
two companies of French soldiers
had taken shelter during the bom-
bardment.

As was reported yesterday these
men were shut up in the quarry and
they doubtless were taken prisoners
by the enemy. During the first part
of this attack our counter-attacks re-
sulted in bringing again into our pos-
session all of the territory in dispute.
"In the sector of the Reims and
from Reims to the Argonne, there
was an artillery duel in which our
heavy artillery mastered the bat-
teries of our enemy. As was set forth
in our announcement of last night,
we have made perceptible progress
to the north of Senones. On the
slope of Mount Henri, our advance

GERMANS REPORT TRENCHES TAKEN FOR 500 METRES

ALL FRENCH ATTEMPTS TO CAP-
TURE POSITIONS SAID TO
HAVE FAILED.

In a Disorderly Retreat, Prisoners
and Five Machine Guns Being
the War Spoils.

(ASSOCIATED PRESS TELEGRAM)
Berlin, Jan. 28.—(By wireless to
London.)—The war office today
gave out the following statement:
"Western theater of war—The vil-
lages of Middelkerke and Klype, on
the coast of Flanders, were bom-
barded by the enemy's artillery.
"In the heights of Craonne an-
other 500 meters of trenches ad-
joining on the east of the position
we captured on the day before yes-
terday, was taken from the enemy.
French attacks were repulsed with-
out difficulty.
"The enemy has suffered heavy
losses in the battles between the 25th
and the 27th of January. Over 1500
dead Frenchmen were found on the
battlefields. Including those report-
ed on the 27th, 1100 prisoners fell
into the hands of our troops.
"In the Vosges several French at-
tacks in the neighborhood of Seno-
ges and Ban De Sapt were repulsed,
with considerable losses to the en-
emy. One officer and 50 Frenchmen
were taken prisoners. Our losses
were quite small.
"In upper Alsace, along the front
line between lower Asbach, Heldweil-
er and the Wurzbacher forest, the
French attacked our position at As-
bach, Heldweiller, Ammerzweiler
and in the Wurzbacher forest. Their
attacks were repulsed everywhere,
with heavy losses to the enemy.
Their losses were especially large
south of Heldweiller and Ammerz-
weiler, where the French retreated
in disorder. Five French machine
guns were captured.
"Eastern theater of war—Unim-
portant attempts of the enemy to
make an attack northeast of Gum-
binnen were repulsed. Near Biuzem,
to the northeast of Sierpre (near the
West Prussian border in Poland), a
Russian division was repulsed.
Otherwise there are no changes in
Poland."

BAVARIAN KING VISITS TROOPS

(ASSOCIATED PRESS TELEGRAM)
Amsterdam, via London, Jan. 28.—
King Ludwig of Bavaria, accompanied
by General Baron von Kressenstein,
the Bavarian war minister, left today
according to the Berlin newspaper, on
a two weeks' visit to the Bavarian
troops on the western war front. The
king will afterwards spend some time
at the Krupp works at Essen.

Miners and Operators Enter Conference, Each Saying "No Compromise"

(ASSOCIATED PRESS TELEGRAM)
Cleveland, O., Jan. 28.—"We pos-
sively will sign no contract which
calls for less than 47 cents a ton on a
run of mine basis," said William
Green, secretary of the international
organization of the miners, just be-
fore the operators of the eastern
Ohio coal fields and miners officials
went into joint conference here to-
day. Operators were emphatic in
their statements that they would not
pay more "than the equivalent of last
year's scale," which is less than the
demands of the miners.
The miners were represented at
the joint conference by John B.
White, international president of the
United Mine Workers of America;
Secretary Green, John Moore, presi-
dent of the Ohio branch of the min-
ers, and District President and Vice
President Charles Aibasin and Wil-
liam Roy, respectively. They all ar-
rived here early today, in response
to an invitation from Hywel Davies,
and Daniel J. Keefe, federal repre-
sentatives, appointed by Secretary of
Labor W. B. Wilson to try to end
the strike of 15,000 miners, which
has been in progress about ten
months. Practically all of the mine
owners in the strike zone also are
attending today's conference.
"If the operators are determined
not to meet our demands of 47 cents,
the conference should not last long,"
Secretary Green said.
"The miners involved in the strike
are determined not to recede from
their previous demands and there is
plenty of money in the treasury to
continue strike benefits indefinitely,"
President Waite said.
Although acquainted with the de-
claration of both sides to the con-
ference, neither Mr. Davies nor Mr.
Keefe would make any comment on
the probable outcome of the confer-
ence.
Operators yesterday said they fa-
vored making a contract providing for
58 cents a ton for lump coal and 22
cents for fine coal. Their previous
offer of 44.61 cents on a run of mine
basis was automatically withdrawn
when the miners refused it, they said.

WOMAN CASHIER HELD UP BUT SHE SAVED \$1000

(ASSOCIATED PRESS TELEGRAM)
Toledo, Jan. 28.—Miss Anna Fitzger-
ald, cashier for a furniture factory,
was held up at noon today at the fac-
tory entrance, as she alighted from a
street car. She carried \$1000 in cash,
which she had obtained at a bank for
the payroll. The men ordered her to
hold up her hands. They grabbed for
the package of cash. Miss Fitzgerald
fought them and screamed. Factory
employees rushed to her assistance.
The highwaymen fled without the
money.

Wilson Vetoes Immigration Bill On Account of the Literacy Test; Special Message Gives Reasons

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 28.—President
Wilson vetoed the immigration bill
today and sent a special message to
congress, saying he disapproved the
measure because of the literacy test.
President Wilson's message deliv-
ered to the house was as follows:
"It is with unaffected regret that
I find myself constrained by clear
conviction to return this bill (H. R.
6060), an act to regulate the immi-
gration of aliens, and the residence
of aliens in the United States, with-
out my signature.
"Not only do I feel it is to be a
serious matter to exercise the power
of veto in any case because it in-
volves opposing the single judgment
of the president to the judgment of
a majority of both houses of the
congress, a step which no man who
realizes his own liability or error can
take without great hesitation but
also because this particular bill is in
so many important respects admir-
able, well conceived, and desirable.
Let the platforms of the parties
speak out upon this policy and the
people pronounce their wish. The
matter is too fundamental to be
settled otherwise.
"I have no pride of opinion on
this question. I am not foolish
enough to profess to know the
wishes and ideals of America bet-
ter than the body of her chosen
representatives know them. I only
want instructions direct from those
whose fortunes with ours and all
men's are involved.
"Other business in the house was
suspended while the president's veto
message was read. Speaker Clark
conferred at once with Representa-
tives Burnett and Sabath, who had
been leaders in the work on the bill.
Mr. Burnett wanted an arrange-

ment to bring the veto up for a
vote on re-passage a week from to-
morrow. Mr. Sabath wanted it to
come up next Tuesday. Mr. Burnett
favors the bill; Mr. Sabath opposes
it. A day probably will be set aside
for debate before a vote is taken.
The reading of the veto message
evoked applause on the Democratic
side and from some Republicans.
"At the proper time," said Repre-
sentative Burnett, "I will move a re-
consideration of the vote by which
the bill passed the house and that
it be passed over the president's
veto. I do not desire snap judgment
on anybody. No one who favors this
bill has had any tips when this
message would come in. The mes-
sage in itself, in its four corners,
gives good reason when it should be-
come law."
"Its enactment into law would un-

Germans Still Insist British Lost a Cruiser; Resent Idea of Retreat

(ASSOCIATED PRESS TELEGRAM)
Berlin, Jan. 28.—(Via Rome)—
Notwithstanding the official denial of
the British admiralty that no Brit-
ish cruiser was lost in the naval
fight in the North Sea last Sunday,
the report that the Germans did send
a British vessel to the bottom per-
sists in Berlin. Details of this inci-
dent form an interesting feature of a
story of the battle in question, which
has been pieced together here from
official reports and letters written by
men who participated in the fight.
This account is unofficial but is re-
garded here as authentic.
The British battle cruiser is said to
have been sunk toward the end of
the engagement. A German torpedo
boat destroyer under cover of the
smoke of battle made a daring dash
between the British lines and suc-
ceeded in landing two torpedoes on
the second ship in the British for-
mation which already had been dam-
aged and was in flames from the Ger-
man shells. Crippled by these two
torpedoes, the British cruiser got out
of the line and later was seen to
sink.
It was not possible for the Ger-
mans to identify her, witnesses, how-
ever, say that perhaps she was the
Tiger. It was also observed that the
British vessel, thought to be the
Lion, likewise was hit. The losses

To Prevent That Army From

Scout Near the Suez Can-
nal.

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 28.—The Carpathian
passes in western Galicia, Egypt and
the Caucasus, by reason of the sud-
den offensive of armies heretofore
defeated, are again to the fore to-
day as the chief areas of interest in
the military operations. In the Car-
pathians a big force of Austro-Ger-
mans has been concentrated and is
fighting not only to stem the inva-
sion of Hungary, but, if possible, to
cut off the Russian forces occupying
Bukowina to the south. In Egypt the
Turkish advance appears really to
have begun. In the Caucasus the
shattered Turks have more or less
reorganized and paused in their
flight toward their own frontier and
resumed the offensive.

Both Vienna and Petrograd em-
phasize the importance of the Aus-
trian operations in the Carpathians.
The Austrians claim the recapture of
certain mountain passes, and Petro-
grad concedes that the Austrians
have thrown fresh men into this re-
gion and are evincing activity along
the entire Galician front.

While it is not probable that any
considerable body of Turks has yet
penetrated the Sinai peninsula, the
advance scouts are virtually at the
edge of the Suez canal, having moved
along the caravan route near the
Mediterranean. It is believed that
another column plans to advance
through the center of the peninsula,
while perhaps a third will attempt
to reach Suez along the southerly
route from Akaba. All these routes
are without water, and those to the
north and south are open to flank
attacks from the Mediterranean and
Red Sea, respectively. It is believed
here that the Turks who have
been in contact with the British to
the east of El Kantara, have worked
their way westward under the pro-
tection of the sand dunes. This
would leave themselves open only to
attack by aeroplanes from the sea.
Desperate fighting marked yester-
day the anniversary of Emperor Wil-
liam's birthday at many points on
the western front, but the claims of
the contending armies as to the re-
sult of the engagements are widely
at variance. Generally speaking, the
allies say the German attacks were
costly failures, while the Germans
assert that the French and British,
but notably the British, attacks in
Flanders broke down.

Reports of the engagement in the
North Sea last Sunday have develop-
ed a similar discrepancy. The war
lords of Great Britain insist that the
battleship Lion was the only big
ship to be severely damaged. On
the other hand, wireless reports from
Berlin admit the loss of the German
cruiser Bluecher, but assert that the
Germans inflicted greater punish-
ment than those on the English.

Apparently increasing chances of
Italy taking an active hand in hos-
ilities near the Suez canal favored
buying which was also encouraged by
a sharp advance in quotations at
Liverpool and Paris. A still higher
peak was reached in the last hour,
May ascending to \$1.50 7-8, but
finishing unsettled at a cent off
from the topmost level. Thirty-
three steamships were reported to be
waiting at Baltimore for cargoes of
grain for Europe.

GREAT KIDNEY REMEDY SAVES TWO CHILDREN IN ONE FAMILY

About one year ago two of my children suffered badly from weak kidneys. They would have severe spells of dizziness and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results and I decided to get some for the children. I had no doubt that there was some improvement after they had taken two large bottles and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried and recommend it to anyone having children that suffer as mine did.

Very truly yours,

Interest Earnings
Too many people fail to realize the tremendous effect of interest as a vital factor in their own lives.
One man is in debt a thousand dollars, he pays six per cent. on it—\$60 a year gone out of his income. Another man has a thousand ahead, deposited here. He receives \$10 interest each year. There is a difference in the two men's income of \$100 a year.
Many people think interest doesn't amount to much, yet we pay our savers over \$52,500,000 a year interest and there is no computing what this money means to them.
Whatever you do, decide to have interest working for you instead of against you.
And put your money here in the "Old Home" where it is protected by first mortgages and State supervision.

CLAIMS SUCCESS IN FORCING BACK GERMAN BATTALIONS ON VISTULA RIVER

Engagements Developing on Large Scale in Galicia with Many Artillery Duels.

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Jan. 28.—The general staff of the Russian army today gave out a communication on the progress of the fighting with the Teutonic forces.

It is dated Jan. 27 and reads as follows: "In east Prussia fighting has continued in the region of Malwischen and Lachnen."
"On the right bank of the lower Vistula there took place again an artillery engagement and encounters with advance parties of the enemy. In front of this river, in the neighborhood of Skempe we were successful in forcing back several German battalions."

"The night of Jan. 26 and the day following saw no important change on the left bank of the Vistula. The Germans, however, delivered reiterated attacks against our front in the vicinity of Bofinow, but in every case they were driven back. During one of these engagements some detachments of the enemy who have been successful in gaining our trenches were despatched at the point of bayonet."

"Attacks made by the enemy in the vicinity of the villages of Rab-skobudry and Kamion also resulted in failure."

"In the course of Jan. 26, our artillery bombarded with success the lines of the enemy and reduced to silence a German battery located at the village of Atlanta, which is near Sochaczew."

"In Galicia, the engagements are developing on a large scale. The front extends from Mount Dukla to Mount Wyszlow. On the right wing of this front, we have captured 100 prisoners and two machine guns."

"In Bukovina, on Jan. 25, in the vicinity of Waleputna to the south-west of Kimpot, there was an artillery engagement."

RUSSIAN ARMY IN THE CAUCASUS HAS ISSUED ITS REPORT.

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Jan. 28.—The general staff of the Russian army of the Caucasus gives out the following official announcement concerning the progress of the fighting in that country:

"On the morning of Jan. 26, Turkish forces in the vicinity of Sultan Selim, in the Tchoruk country, delivered a series of vigorous attacks on our positions, all of which were repulsed. In the vicinity of Olti, 55 miles west of Kars, the Turks following their custom of recent days of taking the offensive, sent forward an enveloping column. This column, however, thrown back by us and the Turks sustained heavy losses."

"In Azerbaijan province, Persia, the activity of the enemy is increasing. It has been noticed particularly that numerous bands of Kurds, supported by regular Turkish troops, have undertaken offensive operations in the vicinity of Khoi, but they everywhere have been repulsed."

"Along the other Caucasian fronts on Jan. 26, the military activity was limited to rifle firing."

WILSON VETOES

doubtedly enhance the efficiency and improve the methods of handling the important branches of the public service to which it relates. But candor and a sense of duty with regard to the responsibility so clearly imposed upon me by the constitution in matters of legislation leave me no choice but to dissent.

"In two particulars of vital consequence, this bill embodies a radical departure from the traditional and long-established policy of this country, a policy in which our people have confidence of the very character of their government to be expressed, the very mission and spirit of the nation in respect of its relations to the people of the world outside their borders. It seems to all but close entirely the gates of asylum which have always been open to those who could find no refuge elsewhere."

Exempted, however, are those who prove they migrated to escape religious persecution and any admissible alien might bring in his father or grandfather over 55, his wife, mother, grandmother, or unmarried or widowed daughter, who cannot read.

Aside from various other restrictions, the bill proposes that any immigrant who advocates destruction of property or resistance to law and order—in short, revolutionary tendencies—might be deported or deported within five years of his admission. To that feature, opposition, no less determined than that to the literacy test, was conducted by those who contended it would hurt men who struggled to throw off the yoke of despotic governments.

If You Wake Up With Terrible Backache

Or dull pain in the region of the groin, it is time to give some attention to your kidneys. Backache is caused by clogged kidneys as a result of eating too much meat or other heavy foods, sprains, colds or nervous troubles. Regardless of the cause, the safest way to obtain relief is to take a few doses of COOK'S PILLS FOR BACKACHE. These famous pills contain the most effective medicines known to science to flush and stimulate and tone up the overworked kidneys and to neutralize the acids in the urine. In your backaches, it is irregular or causes burning sensations. If it is cloudy or offensive, or dark in color, you need COOK'S PILLS FOR BACKACHE, and now is the time to obtain relief. Don't wait until you develop serious Kidney Trouble. Then it will be too late. There is no medicine like COOK'S PILLS to heal and stimulate sick, weak kidneys, and to relieve bladder weakness. where else the right and opportunity for constitutional agitation for what they conceived to be the natural and inalienable rights of men; and it excludes those to whom the opportunities of elementary education have been denied without regard to their character, their purposes, or their natural capacity.

"Restrictions like these adopted earlier in our history as a nation would very materially have altered the course and cooled the humane ardor of our politics. The right of political asylum has brought to this country many a man of noble character and elevated purpose who has marked as an outlaw in his own land, and who has yet become an ornament to our citizenship and to our public councils."

"Children and the compatriots of these illustrious Americans must stand amazed to see the representatives of their nation standing in the fullness of our naval strength and at the maturity of our great institutions, to risk turning such men back from our shores without test of quality or purpose. It is difficult for me to believe that the full effect of this feature of the bill was realized when it was framed and adopted and it is impossible for me to assent to it in the form in which it is here cast."

"The literacy test and the tests and restrictions which accompany it constitute an ever more radical change in the policy of the nation. Hitherto, we have generally kept our doors open to all who were not unfitted by reason of disease or incapacity for self-support or such personal records and antecedents as were likely to make them a menace to our peace and order, or to the wholesome and essential relationships of life. In this bill it is proposed to turn away from tests of character and of quality and to impose tests which exclude and restrict: for the new tests here embodied are not tests of quality or of character or of personal fitness, but tests of opportunity. Those who come seeking opportunity are not to be admitted unless they have already had one of the chief of the opportunities they seek: the opportunity of education. The object of such provisions is restriction not selection."

"If the people of this country have made up their minds to limit the number of immigrants by arbitrary tests and so reverse the policy of all the generations of Americans that have gone before them, it is their right to do so. I am their servant and have no license to stand in their way. But I do not believe that they have. I respectfully submit that no one can quote their mandate to that effect. Has any political party ever avowed a policy of restriction in this fundamental matter, gone to the country, tried its legislation, does this bill rest upon the conscious and universal assent and desire of the American people? I doubt it. Because I doubt it that I make bold to dissent from it. I am willing to abide by the verdict but not until it has been rendered."

Finally an agreement was reached and the veto message was referred to the immigration committee from which Chairman Burnett said he would ask to have a report to the House one week from today. The veto will not come before the senate until it has been acted on in the house.

The much-disputed literacy test would provide "all aliens over 16 years of age, physically capable of reading, who cannot read the English language or some other language in dialect including Hebrew or Yiddish, shall be excluded from the U. S."

"We made progress also in Alsace. In the region of Ammerzweiler and Burschweiler Le Bas the territory occupied by us was retained. Near Cernay the attack of a German battalion was repulsed."

"Judging from the number of dead found on the field of battle on Jan. 25, 26 and 27 to the east of Ypres, at La Bassée, at Craonne, in the Argonne, in the Woëvre and in the Vosges, the losses of the enemy during three days would appear to be greater than twenty thousand men."

MADE TO CHURCHES AND MIS- SIONARY SOCIETIES BY PATASKALA WOMAN'S WILL

While Relatives are Given Smaller Amounts—News of Day in Court House.

The will of Mary A. Easton was admitted to probate today and Chas. Angeline was appointed administrator with the will annexed. Bond was given in the sum of \$20,000.

The will of Mrs. Easton who was a resident of Pataskala, was drawn in January, 1901. By its provisions the Wesleyan Educational Society of Syracuse, N. Y., is left a legacy of \$1,000. The Chicago Evangelization Society is given \$200. To the Missionary Board of the Wesleyan Methodist Connection the sum of \$200 is given. The Harrison Chapel in Licking county is given \$100. The sum of \$50 is willed to the Pataskala Cemetery association to keep two graves in good condition and \$150 is set aside for a monument. Four daughters of Ed- win Angeline are left \$25 each, while Samantha L. Angeline and Frank Angeline of Pataskala and Mary A. Angeline of Winchester, Ia., are left \$150 each. The sum of \$500 is also divided between seven other relatives.

Juvenile Court.

Truant Officer Frank Handel arrested two boys aged about twenty-one and twenty-two years for stealing sleds belonging to pupils of the Mill street schools. They were brought before the judge of the juvenile court and upon promise to pay for the sleds were given a lecture and warned that a repetition of the offense would mean a much more severe penalty. Officer Handel states that the sleds of pupils of the various schools must not be tampered with as he will arrest any offender caught in such an act.

DEFENDS RIGHTS TO PURCHASE AN INTERNEED SHIP

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 28.—Defense of the right of the United States to buy interned German ships without fear of international complications was made in the senate today by Senator Welsh, the first Democrat to undertake an extended discussion on the subject in that body. The case of the cotton ship Dacia, he said, would clearly establish that Great Britain was bound by her attitude on the question of marine transfers in war time which had been maintained for more than a century and that France had acquiesced in that position for an equal length of time.

"Assuming the transfer of the Dacia to be bona fide," Senator Walsh declared, "there is abundant evidence that she will not be made a subject of seizure."

TAKE SALTS TO FLUSH KIDNEYS
Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys.
Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.
To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful or refreshing beverage for men and women take millions and then, thus avoiding serious kidney and bladder diseases.

Will Cigarettes Make A Woman Lose Hair?
College Professor Says Smoking Breeds the Dandruff Germs.
Every woman and man too-troubled with thin, scanty hair, will be interested in the statement of the university professor who says that dandruff, a scalp disease, this may account for the loss of beautiful waving hair in many persons addicted to the habit.
The specialist has found that smoking causes poor blood circulation, and stops the needed nutriment from finding its way through the capillaries to the hair roots, which then get unhealthy and are attacked by the dandruff germ. It is then certain that the only way to regain long, healthy hair growth is to destroy the dandruff germ.
Taking medicine internally won't do it. Giving the hair roots nourishment from the outside will. Let your sick hair follicles, the hair roots holding the hairs, have the food which they need. Borel's Hair Dressing does this. Borel's Hair Dressing is a hair tonic and a hair restorer. It gives the hair roots the food they need. Borel's Hair Dressing is a hair tonic and a hair restorer. THOSE WHO ARE LUCKY COMB SAGE TEA INTO GRAY HAIR
ENOUGH TO POSSESS A KNABE BROS., SMITH & NIXON OR RAWLINGS' PIANO
Ladies! Try this! Darkens beautifully and nobody can tell. Brings back its gloss and thickness.
Common garden sage brewed into a heavy tea, with sulphur and alcohol added will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.
While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Agents, Hall's drug store.

COSTIVE BOWELS, HEADACHE, COLDS, TAKE CASARETS

Get a 10-cent box now: Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Casaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Casaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing too.

DEFICIT THREATENED IN FEDERAL REVENUES AND DIABATIC ACTION MUST BE TAKEN

Proposal to Reduce Rural Delivery Cost by Putting Carriers on Contract Basis
[ASSOCIATED PRESS TELEGRAM]
Washington, Jan. 28.—A threatened deficit in the government's revenues presented a problem that President Wilson, his cabinet, and congressional leaders had before them today for solution at a White House conference and the outcome of today's meeting was awaited with tense interest, both in administration and congressional circles.
With estimates of expenditures for the coming fiscal year far in excess of prospective revenues, administration leaders are convinced of the imperative necessity of taking steps to forestall the deficit that confronts them. Present estimates for expenditures exceed estimated revenues by approximately \$60,000,000.
One relief plan which may be laid before congress, is the abandonment of the \$34,000,000 river and harbor appropriation bill and the adoption of Postmaster General Burleson's suggestion for reducing the most of rural free delivery service from \$52,700,000 to \$35,000,000 by putting carriers on a contract basis. If congress accepts this plan, it would save \$17,000,000 and it is believed would avert all possible embarrassment for the present.

CHEAPER SHOES AND MEAT, HOPE FROM STATISTICS

[ASSOCIATED PRESS TELEGRAM]
Washington, Jan. 28.—The department of agriculture sees cheaper meat and shoes for people of the country, in figures gathered by its agents showing that the number of livestock in the United States is on the increase.
In a statement issued today the department discounted reports that prices were bound to rise, and said that on January 1 there were 7,713,000 more live stock in the United States than on the same day a year ago. This was the first time in many years, the statement said, that an increase of all classes—9.6 per cent.
There are also more milk cows than last year, the increase being 2.5 per cent, or in numbers 525,000. Swine, however, showed the greatest increase of all classes—9.5 per cent. On January 1, 1914, there were only 58,933,000 swine in the country; on January 1, last, 64,618,000.

EIGHT DEATHS IS TOLL OF EXPLOSION ON BOARD CRUISER

[ASSOCIATED PRESS TELEGRAM]
On Board U. S. S. San Diego, La Paz, Mexico, Jan. 27, by Wireless via San Diego, Calif., Jan. 28.—Charles W. Peterson of Racine, Wis., died today of injuries suffered in a boiler tube explosion on board the cruiser San Diego, Jan. 21. He was a fireman. His death makes the eighth fatality. The five other men injured are said to be improving.
The San Diego, with Rear Admiral Thomas B. Howard, commander-in-chief of the Pacific fleet, sailed today for San Diego, Calif.

SITUATION AT CHICAGO YARDS IS NOT SERIOUS

[ASSOCIATED PRESS TELEGRAM]
Chicago, Jan. 28.—Three hundred more men today joined the forces which are fumigating the stockyards on which an embargo was placed on Tuesday by government and state officials to prevent another outbreak of foot and mouth disease among cattle.
A. G. Leonard, president of the Union Stockyards and Transit company, said that full operations probably would be resumed late Monday. The situation, he said, was not serious as no case of the disease had been reported in either the yards or the packing houses.

"Pape's Cold Compound" is the quickest, surest relief known, and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

NAVAL EXPERTS IN FAVOR OF DREADNAUGHTS

[ASSOCIATED PRESS TELEGRAM]
Washington, Jan. 28.—Naval experts figure that it will require an annual appropriation of \$200,000,000 instead of the present average of \$140,000,000 if congress decides to add to the present type of American naval vessels a suitable proportion of "battle cruisers," such as have played so prominent a part in the recent naval engagements in European and South American waters. This estimate is based on the theory that there will be no interruption in the permanent plan of naval increase which contemplates the addition of two dreadnaughts each year.
If the naval experts were required to choose between building dreadnaughts or battle cruisers, they would unhesitatingly turn to the dreadnaught type and it is stated by prominent officials that nothing yet has occurred in the naval battles of the present war to change their original belief regarding the superiority of the dreadnaught type. They are quite willing to accept a proper proportion of battle cruisers but insist that the first requisite is the completion of the plan whereby the navy is to possess forty-eight dreadnaughts.

NAVY DEPARTMENT PLANNING FOR THE PRISCO EXPOSITION.

[ASSOCIATED PRESS TELEGRAM]
Washington, Jan. 28.—The navy department is making preparations for its exhibit at the San Francisco exposition, which is expected to be the most complete the department has ever shown. Howard A. Banks, private secretary to the secretary of the navy, is now on his way to San Francisco to take charge of the exhibit.
The navy's chief exhibit will be the navy itself. Both the Atlantic and Pacific fleets will be at San Francisco at various times during the exposition, and it is planned to keep a considerable section of the fleet there at all times.

KAISER THANKS NEWSPAPER CORRESPONDENTS WHOSE ARTICLES HE READS

He Quotes Old John Knox Saying, "One Man With God is Always in the Majority."
[ASSOCIATED PRESS TELEGRAM]
Berlin, via London, Jan. 28.—Emperor William speaking to the war correspondent at the general headquarters in the field, said: "Good morning. I pay you my compliments. You write famously and I thank you for it. You accomplish excellent things and I read your articles very gladly. Your reports have a high patriotic tone and it is of great value to our men in the trenches when we can send them such matter."
"And now, one thing more, and note this, gentlemen. My principle—and it applies to this war also—is the word of old John Knox, the reformer in Scotland, that 'one man with God is always in the majority.'"
The emperor's birthday was observed at headquarters yesterday with a simple divine service held in the field. The auditors included Prince Oscar, the fifth son of the emperor, Prince Friedrich Leopold, of Prussia, Prince Waldemar, the eldest son of Prince Henry of Prussia, General Falkenhayn, the chief of staff, chancellor von Bethmann-Hollweg, Admiral von Tirpitz, the commander in chief of the naval forces and other officers.

GALICIAN BATTLES DEVELOPING ON A BROADER SCALE

[ASSOCIATED PRESS TELEGRAM]
Petrograd via London, Jan. 28.—The battles in Galicia appear to be developing on a broader scale along the Carpathians for a distance of a hundred miles. Both sides appear to attach great importance to the outcome. The Hungarians, it is said, have been concentrating in the Carpathian passes since December, awaiting the arrival of Bavarian reinforcements.

PERUVIAN MINISTER RESIGNS.

Lima, Peru, Jan. 28.—Fernando Gazzani, minister of foreign affairs in the Peruvian cabinet, has resigned and another cabinet crisis is imminent. It is expected that the other members will resign at any moment now.

ASST. FIRE MARSHAL FILES HIS REPORT WITH DEPARTMENT

Assistant State Fire Marshal John Baird, of this city, has compiled the statistics of the work done by him in his district for the past year and forwarded the same to State Fire Marshal E. R. Deffenbaugh to be embodied in the annual report of that department.
The report of Assistant Fire Marshal Baird shows that a dwelling on Vine street this city, was razed, the ground being sold and is now occupied by the Magic Soap factory, which employs a number of persons.
A property in East Main street was ordered razed the owner replacing it with a fine four-story building.
The old dwelling property at the corner of North street and Case avenue was ordered demolished. It has been replaced with a room costing \$5,000 and which is occupied by a restaurant.
The blacksmith shop at the corner of West Main and Eleventh streets will be replaced in the near future with a large and commodious garage.
Forty-six other buildings that were considered a fire menace have been repaired and placed in good shape upon the order of the fire marshal. Many roofs and chimneys have also been repaired. Several hundred inspections have been made and Marshal Baird also found scores of rubber hose ga connections that were dangerous to life and property and which were ordered disconnected.
Mr. Baird has been highly complimented by the department for his efficiency and the improved condition of affairs in Newark and Licking county.

Quarantine Order, Effective In Licking County Has Been Again Modified by Department

Federal Inspector Fauteck, who has been in charge of the quarantine in this county against the foot and mouth disease, has received instructions from the Agricultural Commission of Ohio, amending an order previously issued and which is now in effect as follows:

Thirty days after date of the completion of the disinfection of all infected premises within a five or three mile radius Class A and Class B respectively or Order 13, cattle, sheep and swine within such five mile radius, may after inspection and certification by a state or federal inspector be shipped, transported, or moved for purpose of immediate slaughter only to points in Ohio where federal, state or municipal veterinary ante-mortem and post-mortem inspection is maintained.

Thirty days after disinfection of the last infected premises, animals may be temporarily moved out of the five or three mile quarantine radius for the purpose of breeding, upon filing an affidavit with the prosecuting attorney of the county stating such fact. Such animals must be returned to the premises or origin within 48 hours.

Persons are warned and cautioned to restrict such movements to the utmost for the reasons given under Sec. 9. Forms of affidavits will be furnished to prosecuting attorneys.

Thirty days after date of cleaning and disinfecting of premises hay, similar fodder (but no manure) may be moved within the five or three mile radius except from infected premises.

Restocking quarantined premises: After the lapse of sixty days from the date of the completion of cleaning and disinfection of infected premises, permits will be issued by the inspectors for restocking such premises in a limited way. Permission to restock will limit the number of animals to four cattle and four hogs. Animals on

such premises must be inspected each week for a period of three weeks. If they are found to be free at the time of the last inspection the owner may restock the premises as he may desire. Prior to issuing a permit for restocking, all manure should be hauled out and spread. All inspected premises will be held under observation for an indefinite period of time thereafter.

Cattle, sheep, other ruminants and swine may be moved from farm to farm within the five or three mile quarantine radius for breeding purposes, except farms on which infection has at any time existed. Owners of animals are warned and cautioned to restrict movement of this kind to the utmost and to make careful inquiry as to the possible presence of infection, or exposure to infection before an interchange of animals or a transfer of animals, even temporarily, is made.

The neglect to report a single mild case of disease in time may lead to serious general infection, and as the mild weather approaches the danger becomes increasingly great.

All inspections of live stock intended for interstate or intrastate shipments may be made by collaborating veterinarians, commissioned for this purpose by the United States Department of Agriculture and by the Agricultural Commission of Ohio. All permits for intrastate shipments must be issued in duplicate, consecutively numbered and the duplicates forwarded promptly, every week, to the office of the state veterinarian.

Movement of live stock for any purpose from the areas classed as free by the U. S. Bureau of Animal Industry in the following states, viz: Connecticut, Delaware, Indiana, Iowa, Kentucky, Maryland, Massachusetts, Michigan, Montana, New Jersey, New York, Pennsylvania, Rhode Island and Wisconsin into all parts of Ohio, except into the 5 and 3 mile radius areas is permitted.

Reaction In Wisconsin

Reaction appears to be in full swing in Wisconsin, where the standard Republicans seem determined to wipe out all the reforms accomplished by the La Follette regime. An especial point of attack is the Legislative Reference Bureau, or "bill factory," as the G. O. P. organs call it, which is intended to assist members of the Legislature in framing measures so that the Courts will not knock them out in the first round. To an outsider this system, which has been adopted in all European countries, seems a good one, but the Republicans are bound to go back to the old plan of having every member draw up his own bills. It is wonderful how progressive the G. O. P. is becoming.—Philadelphia Record.

IRON TRADE REVIEW

Cleveland, O., Jan. 28.—The Iron Trade Review today says:

"High ocean freights are interfering seriously with the business of not only the United States, but Great Britain and other nations. On account of the difficulties connected with the importing of ore from Spain and the Mediterranean, due to the high charges made by vessels, prices of steel making irons in England have rapidly advanced and inquiries for about 20,000 tons have been received from England. Italy and Japan also have sent out inquiries for American pig iron. It is doubtful, however, whether much business can be done in exporting pig iron at present ocean freights.

"The pig iron market in this country is quiet, but in some centers consumption is increasing. In finished materials prices are being fairly well maintained, but demand improves very slowly.

Probation Officer O. J. Nave, In Sermon, Urges Firmness In Controlling Unruly Youth

Rev. Orville J. Nave, former pastor of the First Methodist Episcopal church in Newark, is now living at 2505 South Grand avenue, Los Angeles, Cal. Though nearly 74 years of age, Mr. Nave is in vigorous health and in active service being a county probation officer, with the authority of a policeman. The court turns over to Mr. Nave the wayward youth of Los Angeles to try to correct without making a court history of the case.

This work has given this former Newark minister an opportunity to study conditions in many homes and a sermon which he delivered a few days ago in a Los Angeles church reflects the conclusions he has reached.

"Anarchy in the home is the greatest menace of our times," says Mr. Nave. "Out at night is the grave menace."

The demand of the times is stronger home government; for parents to be held responsible for the product of the home. The state and the city should demand of parents regulation of their children and the pulpit the school and general sentiment should strengthen parental authority.

Mr. Nave is a retired chaplain of the United States army. His military service was in the Civil War, 1862-65; Spanish-American war and war in the Philippines, a total military service of over 25 years. Chaplain Nave is president of the association for the promotion of the moral and religious welfare of our soldiers and sailors and for the mitigation of the distress of war. Chaplain Nave's son Fred, who was a small boy when the Nave family lived in Newark more than a quarter of a century ago, was a federal judge in Arizona. He was stalwart in all that was good and righteous. After a heroic battle with the white plague Judge Nave passed away in September, 1912.

Drawing a lesson from the story of a young man charged with slaying a man whose home he sought to burglarize, Chaplain Nave said, quoting from the Los Angeles Tribune:

"The case of young Oxnium brings to public attention again the problem of the boy at the age of from fourteen to eighteen years. Having investigated this case, and finding it similar to many that are taken up with me by anxious parents, and to many referred to me by the county probation office, I feel that some serious counsel should be given to parents who have sons and daughters who are causes of anxiety and trouble.

"Among the first serious troubles in the government of this boy was his going out at nights and getting into bad company. He resisted all interference with this liberty. He says: 'The company I got into hypnotized me, and I followed on in their ways.'

"This states the case with thousands of boys and girls who take a mistaken view of their rights. It is the problem of the day for parents. 'What is the solution? First, preventives. The most important preventive is a strong parental hand in child government. Nature, which is another way to state the divinely ordained order of things, has committed the guardianship of the child to parents. The state recognizes and enforces this divine order, endowing parents with full authority over their children, requiring and expecting

them to bring their children up to become good citizens, and the state requires, parents to exercise this authority with discretion and wisdom. This works very well with most children, but there are exceptions. There are perverse and wilful children, who must be governed with a strong, wise and firm hand.

"All children should be carefully instructed by their parents and by their teachers in the fundamental doctrines of government; that none of us can have our own way; that we all have to obey laws and government. This should be illustrated by illustrations adapted to the age of the child.

"It is only fair to the child to explain to him why parents have to require obedience. This lays a foundation in the child's mind for its discipline.

"The schools should help lay this foundation. Wilful children are prone to think that their parents are arbitrary and unreasonable. The schools should carefully support parental authority by definite instruction. It would save thousands of boys and girls from becoming home anarchists, repudiating parental authority and home government.

"Second, corrections. What shall be the restraint on wilful boys and girls, who insist on having their own way, as for instance, those who are determined to go out nights, and associate with companions of their own choosing?

"Parents should reason with the child, setting forth that the divine order and the state and county and city government require the parents to enforce home government. Then go consistently on and enforce discipline. Do not flinch.

"The parent, so far as his child is concerned, is an officer of the law. He has more authority than a policeman. He can confine his child; he can punish him in almost any way he chooses. The courts will support the parent in enforcing authority.

"The trouble in most cases is that the parent yields in order to save a row.

"Third, Don't suffer the child to bluff you by threatening to run away. Give him to understand that he can not get away; that you will have a warrant out for his arrest.

"Too many parents give way to wayward children, with the result that girls go fatally wrong and boys contract loathsome diseases or become criminals.

"Mrs. Oxnium's mistake was in not asserting her authority over this young man and calling the arm of the law to her support. She should not have permitted him to run at large in Los Angeles. She should have had him arrested as a truant from home and parental control, and brought back home. All parents should do so, when children run away.

"The time has come for the state to require parents to keep their boys at home, and under legitimate restraints, instead of letting them run at large.

"Parents have no more right to permit wild boys to run at large than they have to let other dangerous animals menace life and property. Parents should be held as parties to all crimes and misdemeanors committed by their wayward and unrestrained sons. When this is done and enforced parental responsibility will be reckoned on and children will respect family government."

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Society

One item of consolation has seeped out of the coming fashion that may cheer up the discouraged male creature who so far has seen in it only the emanation of his wallet.

The item has to do with the passing of the well-known "debutante slouch," which has made "Figure 8's" and question marks out of much of the feminine world for many months. The "slouch" is no longer fashionable. They're not doing it. It's bad form in more ways than one.

This on the word of Miss Slida McClellan, instructor of models for the fashion show at Chicago, February 8, and as shown by Miss Pearl Wilson, one of the leading models of the show. In place of the "slouch" there is coming the "glide militaire" — chin up, shoulders back, chest out and the rest of it.

"The military style should last forever, because it comes pretty near to being the right way to walk," said Miss McClellan. "Not only that, but it is the best way to show lines and clothes, which will be considered far more important by a number of women. All our models are being taught to walk 'militaire.' After it is learned it gives the effect of a woman progressing on a moving sidewalk, smoothly and gracefully. At present you'd think some women were walking over plowed ground."

The Elite club entertained with a delightful dance at the Brennan hall, Wednesday evening and the Rose-braugh orchestra furnished a pleasing dance program.

A number of Newark people enjoyed a sled ride Monday evening to the home of Mr. and Mrs. J. W. Dunlap of Chatham. The evening was spent with music and games. To Overcome Winter Complexion Troubles.

If the chill air causes your skin to dry and scale or become unhealthily red and irritated, before you go to bed spread a thin layer of ordinary vasoline over your entire face. It will keep the dry particles of surface skin, so gradually sheds to surface. This gives the underlying skin a chance to breathe and to clear itself in a week or so the new and youthful skin is wholly in evidence and you have a really marvellous complexion. Naturally all its delicate disfigurements, the discolored patches, freckles, black heads, blemishes, and other things, are washed, scrubbed at any drugstore, is enough to renovate even the worst complexion. Remember, too, that if you will use this simple face wash: Powder, soap, 1 oz., dissolved in 1 pint of water, the complexion will be affected even the deepest lines, and soon your skin will be smooth as a child's.

W. E. Hopkins In Charge Of Associated Charities Work; Addresses Meeting Wednesday

W. E. Hopkins of Granville, was chosen at a meeting held Wednesday afternoon as superintendent of the work of the Associated Charities—the newly-organized body of relief workers in Newark. He assumed his duties at 9 o'clock Thursday morning and will systematize the work of doing relief work among the needy people of the community. He has made a study of social settlement and relief work and has only recently returned from a trip to a number of cities in the middle west where he has been investigating work of this character.

Wednesday night, Mr. Hopkins was the principal speaker at a mass meeting held at Taylor Hall, Y. M. C. A., when he told of the purposes of the Associated Charities and explained how the work is done.

The meeting was not largely attended. It is to be regretted that the auditorium in the Y. M. C. A. building was not filled to capacity. However, the small attendance does not indicate that Newark people are not interested in the work. The success of the Associated Charities in the few weeks of its existence has indicated that the people of the city are very much interested.

Reports at the Wednesday night meeting indicated that enough money had been contributed without solicitation to pay the running expenses of the association for a year. It was also announced that a systematic canvass of the city would be made to secure funds to carry on the work.

President E. C. Wright of the board of managers, presided at the meeting and outlined its purposes. He said that it was the desire of the board to tell what had been done, what should be done, and how and what method would be used to finance the work.

"The motto of the Cleveland association would be a good slogan for the Newark association to adopt," said Mr. Hopkins in his address, Wednesday evening. "It is 'provide immediate relief; foster self-respect; rehabilitate needy families.' That is the mission of a well-organized charities body in a nutshell."

"It is important that immediate relief be given, not recklessly but wisely, then follow it with an investigation. Then the aim should be to maintain the self-respect of those found to be in need, that they will not become professional or perpetual paupers. Then the big work of the association is to be done. To look after the interests of the family, study their conditions and surroundings, and place them in condition that they will not need to seek relief from the organization."

"Such work is being done every day in cities where there is a well-organized charities body."

Mr. Hopkins told of his visits recently to Chicago, Des Moines, Cleveland and other places. He detailed the operations of the organizations in those cities.

Selecting the most important duties of these associations as outlined in their plan of operation, Mr. Hopkins gave them as good adoption in the work here. Briefly, they are: emergency relief without red tape; aim to find out who is worthy of relief; aim to provide that relief; provide treatment for those who are ill; restore applicants to a self-supporting basis; prevent breaking up of homes; secure legal and medical aid; establish confidential exchange bureau, through which all organizations may learn what help is being given and to whom; instructions for untrained mothers; instructions in food values; instructions in sewing and mending; enlist aid of volunteer workers; seek to improve community conditions.

He said that the first duty of the superintendent or secretary in charge was to hear the story of the applicant, furnish what immediate aid was necessary, start the investigation, which will give the association first-hand information as to the needs of the applicant, and then supply that need.

The investigator should be a diplomat, a sympathetic friend, and by his friendliness learn from the applicant the cause of the need and then seek to remove it. In a well established association, Mr. Hopkins said, there was a thorough system of follow-up work in which the investigator kept close track of the families helped, to see that everything possible was done for the physical, mental and moral welfare of its members.

He declared that the proper application of these principles drives out the professional mendicant, the transient, and avoids imposition on those charitably inclined. He emphasized the importance of co-operation on the part of the citizens, urging them not to give promiscuously to the street-beggar or the person calling at the home. He urged that the cases all be referred to the central body, the relief to be distributed through the various units. He urged the necessity to give credit to the back-door beggar, the homeless man or woman, but to refuse to give money to the beggar on the street or in the stores.

He told of the splendid work in other cities, where deserving families were required to support their families or go to the workhouse or penitentiary.

He then described the details of his office work, showing how a record is made of every application, relief expended, history of the case and results of the association's relief work.

He recommended the division of the city into districts, the most successful plan being to follow the lines marking the divisions of school districts, to distribute clothing among the needy families. He explained that he clothing in this district is collected and stored at a central point and redistributed by members of the district organization to families in that

district. He showed how it prevented the unnecessary labor of transporting the clothing to the charities headquarters and then perhaps back to the same district from which it originated.

He declared that the investigations of the superintendent were not primarily to save money, but to avoid pauperizing the applicants. Indiscriminate giving, he said, was the worst form of help.

In concluding, he declared that the Associated Charities was a social service hospital, and its superintendent a social service doctor.

F. L. Johnson, secretary of the Y. M. C. A., who was temporarily in charge of the relief work while the board of managers was selecting the superintendent, told of what had been accomplished. He said that in the 10 days he had been on duty, that applications had been received from 148 applicants; that 91 had been helped, that 28 were not helped, but that help probably would be extended to some of them at least, and that 29 had not been investigated.

He told of the volunteer work being done by members of the organizations interested in the work—mentioning the Molders' Union, The King's Daughters, churches, and other organizations.

He said that these applications represented probably 740 persons in Newark who were in need of clothing, food and in some cases medical attention. In money, \$218.25 had been expended in extending relief, but that no relief was given without a thorough investigation.

He told of some of the investigations made, one of which revealed that a mother was entitled to a blind pension for her daughter who was sightless. In another case a mother with a number of children were in need of medical care which was provided.

He said that the help given consisted of coal, food and clothing, and that it did not include help given through other organizations.

C. W. Montgomery, chairman of the finance committee, and treasurer of the association, talked of the organization's financial plans. He said that it was the opinion of those placed in charge of the work that an experienced superintendent should be secured. He told that enough money had already been subscribed to pay the salary of such a worker and all office expenses so that any money subscribed in the future would go directly to relief work.

He said that sub-committees would canvass the city by wards, securing subscriptions for the work. The details of the plan will be announced later. It is estimated that the work will cost about \$10,000 per year.

TO REMOVE DANDRUFF

Get a 25-cent bottle of Danderine at any drug store, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this scurf will have disappeared. Two or three applications will destroy every bit of dandruff; stop scalp itching and falling hair.

CANAL OPENING POSTPONED FROM MARCH TO JULY

(ASSOCIATED PRESS TELEGRAM) Washington, Jan. 28.—Formal opening ceremonies at the canal probably will be postponed from March to July and President Wilson will go to San Francisco by rail in March and to Panama later when the naval review will be held.

Although no formal announcement of the change in plans has been made, the president has taken up the question with Secretary Daniels. The report of Governor Goethals that he could not guarantee passage of warships at the original time set for the formal opening is understood to have been chiefly instrumental in bringing about the change.

BAPTIST COTTAGE PRAYER MEETINGS

BONDS FOR MOTOR

FIRE TRUCKS SOLD; 12 BIDS RECEIVED

Seasongood Mayer & Co., Cincinnati bond buyers, were awarded the \$12,000 bond issue for purchasing motor equipment for the fire and police departments, bids for which were opened at noon Thursday by City Auditor Dodd. Seasongood Mayer & Co. bid a premium of \$122, and accrued interest. There were eleven other bidders. The premium is regarded as good, considering the short term of the bonds. The number of bidders and the premium bid, indicates that the municipal bond market is picking up. Mr. Dodd states that already 36 inquiries have been received regarding the \$250,000 subway bond issue, bids for which will be opened February 10.

Miss Selvia Wallace of Stockport, O., is visiting her brothers, Vance and Walter Wallace, of McKinley avenue.

CANADIAN BORDER NEEDS NO GUARD AT PRESENT TIME

(ASSOCIATED PRESS TELEGRAM) Now Westminster, B. C., Jan. 28.—That there is no present need of guarding the boundary between the United States and Canada, as recently proposed by officers of the Canadian national reserves, is the opinion of Colonel Ogilvie, district officer commanding at Victoria.

Colonel Ogilvie was recently instructed by the minister of militia to investigate the question of maintaining such a force and today he officially notified C. H. Stuart-Wade, adjutant of the national reserves, that a boundary guard is not necessary at this time.

No, Maude dear; in order to air your views it isn't absolutely necessary to indulge in hot air.

SHIPPING BILL FIGHT BECOMES ENDURANCE TEST

(ASSOCIATED PRESS TELEGRAM) Washington, Jan. 28.—The administration ship purchase bill was again before the senate today with the Democratic leaders determined to renew their demand for night sessions for consideration of the measure and the Republicans ready to accept the challenge. The fight between the two parties over the bill virtually has simmered down now to a test of physical endurance.

ASSOCIATION IS NOW ONE OF THE MAJOR LEAGUES

(ASSOCIATED PRESS TELEGRAM) Chicago, Jan. 28.—The American Association has won its fight for recognition as the third major league in organized baseball, President Chivington said today. The National commission finally has acceded to the desires of the "double A" organization and has granted it territory in cities now occupied by the National or American league and a large number of players.

DOOIN SIGNS WITH CINCINNATI REDS

(ASSOCIATED PRESS TELEGRAM) Philadelphia, Jan. 28.—Charles S. Dooin, former manager of the Philadelphia National league team, today signed a two-year contract to catch for the Cincinnati club. The salary is said to be \$6000 a year.

SLEEPERS ROLL DOWN BANK BUT NO ONE IS HURT

Green Bay, Wis., Jan. 28.—While speeding between Iron mountain and Pembine early today the Marquette and Chicago through train on the Chicago, Milwaukee and St. Paul railroad went down an 18 foot embankment. Three sleeping coaches were piled up but no one was killed and no passengers were seriously injured.

SECURITIES MISSING; LAWYER ARRESTED

(ASSOCIATED PRESS TELEGRAM) Youngstown, O., Jan. 28.—A. F. Clause, an automobile salesman of Youngstown, and Roscoe Winnagle, a lawyer of Warren, O., were placed under arrest here today in connection with the disappearance of \$50,000 worth of securities belonging to Grant Jones, an automobile dealer of this city. Clause is charged with larceny and Winnagle with attempted blackmail upon Jones.

IT HAPPENED IN NEWARK

And Is Happening to Newark People Every Week.

The case told below is not an uncommon thing. The same occurs frequently and will continue to happen as long as folks have kidneys and overtax the kidneys. Mrs. Julia Rost, 140 W. Main street, Newark, says: "About a year ago I read of Doan's Kidney Pills in the paper and as the symptoms I was suffering from were the same as those I had, I knew I was afflicted with kidney complaint. My back troubled me and I did any sweeping or housework. I was liable to have sharp stitches across my loins. At night my back pained me and I was often troubled by dizziness, especially when I stooped over. Dark streaks floated before my eyes and I had headaches. The kidney action was irregular. I took about two boxes of Doan's Kidney Pills and they made my kidneys more normal and relieved the pains in my back."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rost had. Foster-Milburn Co., Props., Buffalo, N. Y.

Mr. Ashley, who is a graduate of the Newark high school and Denison University, class 1913, has been connected with the gas company at Ashland. He has many friends in Newark.

Bob Parties Numerous.

The uptown streets were filled last night with bobbed parties composed of the old as well as the young. In addition to the "bobbing" parties scores of sleighs were out and it was an ideal evening for the sport. Many coasting parties also took advantage of the pleasant night and the various hills over the city presented an animated scene. The thermometer at 9 o'clock last night registered 28 above.

Drive Catarrh Germs From Nose and Throat

Only Way to Really Cure Catarrh Say Noted Specialists.

The germs of catarrh breed, thrive and multiply by the million far up in the air passages of the nose, throat and lungs of every catarrh victim. Catarrh is a germ disease and you cannot get rid of the disease until you get rid of the germs. The best specialists seem agreed on this point.

You can't kill germs with ointments or lotions, etc. which you stuff up your nose. These may clear your head and let you breathe easier but they do not reach the germs. Stomach dosing may purify your blood, but it doesn't kill the germs nor does it cure Catarrh.

There is just one safe, sensible and invariably reliable way to reach and destroy catarrh germs and thus stop catarrh forever. Breathe into your nose, throat and lungs the medicated, germ-killing air of Hyomei which is made from the pure, healing oil of Eucalyptus combined with powerful germicidal ingredients which are certain death to every catarrh germ they reach. The air of Hyomei breathed deeply is so penetrating it reaches into every nook, corner and crevice of your nose, throat and lungs where germs can possibly hide or breed. It's an easy treatment. You'll like to breathe Hyomei. Its odor and effect is pleasant to everyone but the mischief making germs themselves. They don't like it, simply can't stand it and are completely driven from your body taking Catarrh itself with them. Hyomei is a standard preparation recognized by physicians and druggists everywhere. It is so well thought of here that T. J. Evans and many other leading druggists in this vicinity sell it with an absolute guarantee of successful cure or money back. No catarrh sufferer therefore assumes any risk in giving it a trial. Tear this notice out of the paper now and show it to your druggist as you ask for Hyomei. Be sure to ask him for the complete Hyomei outfit as this contains a Free inhaling device which is very necessary to use to get the best results.

The Hazards of Helen.

If any photoplay patron doubts the courage of Helen Holmes, the Kalem actress who is featured in the Hazards of Helen Railroad Series, he should see the latest episode of this series, "THE LEAP FROM THE WATER TOWER." Miss Holmes, despite the awful danger, climbs out of the spout of a water tower and when a runaway freight train flashes by underneath, leaps to the roof of one of the cars. The slightest slip or miscalculation would have sent Miss Holmes to the ground or beneath the wheels of the train. Then with the cars swaying from side to side, the Kalem star crawls forward to the locomotive and stops the runaway. Incidentally, the largest locomotive in the world, the property of the Santa Fe, is used in this story.

"The Leap from the Water Tower," will be seen at the GRAND on next Saturday.

Physician's Prescription For Indigestion

Important for All Those Who Suffer After Eating.

If you suffer from indigestion after eating and find that instead of the one little pepsin or soda pill you used to take, it now needs two or three to stop it, it's time you called a halt and did some hard thinking.

The plain truth is that there are thousands of men and women in this country, whose stomachs are dead or dying from lack of exercise while they themselves still live. They can't go on this way much longer. It's wonderful to think that powerful drugs compressed in a pill will even for a little while do the work of a human stomach. But no pill was ever made that could do it for long.

A dead stomach can't be brought to life but a slowly dying stomach can and must or its owner must soon follow. Years ago a famous physician wrote the prescription for Mi-o-na Stomach Tablets and thousands owe their very life to them today.

Most stomach remedies work on the food and digest it. Mi-o-na works on the stomach and digests nothing. Mi-o-na Tablets strengthens the stomach walls, stimulates the stomach muscles and vitalize the stomach machinery into instant and normal action. The stomach starts at once to churn its food and normal, painless digestion follows. T. J. Evans and many other leading druggists hereabouts sell Mi-o-na Tablets, agreeing to refund money in any case where it does not do these two things. First, in ten minutes give relief from heartburn, gas, belching, acidity, sour rising, etc. Second, in thirty days completely renovate, cleanse and strengthen the stomach so it can do its own work without aid of any kind. If your own druggist thinks this well of Mi-o-na you surely ought to try it.

RECOUNT

(Continued from Page 1.)

campaign today among legislators to kill the Garver senate bill, introduced yesterday, which provides for repeal of the Kilpatrick law and for further restricting the legal amount of taxes to be raised. It was said, if the legislature passes the bill, a referendum will be called on it. Legislators from rural communities are expected to support the bill; the city members will fight it. Administration leaders predicted one of the hottest fights of the session over the measure.

Mayo Fesler of Cleveland, leader in a number of civic movements, was here today to oppose the Garver bill.

The most serious objection urged against the proposition by city interests is that it seeks to restrict the amount of taxes to be raised in any year in a political sub-division without vote of the people, to the amount raised in 1910. The 1910 duplicate is taken as the basis in the Kilpatrick law, with yearly increases allowed. No change is made in the Garver bill relative to the additional maximum of five mills allowed for interest and sinking fund purposes. The bill also prohibits the raising of more money for sinking fund than is needed, and later transfer of surplus to other funds.

Cities, which on account of phenomenal growth, need a greater amount than was raised in 1910, will be able to secure more only by vote of the people under the Garver measure.

The personnel of the county budget commission also is changed to give to the largest city in the county less authority. The commission is to consist of the county auditor, prosecuting attorney and county treasurer. This arrangement substitutes the treasurer for the mayor of the largest city in the county, as the Kilpatrick law provides.

COMMISSION

(Continued from Page 1.)

after the commission concludes its hearing here, probably the latter part of next week.

He said he could not at this time make public the names of witnesses who will be summoned to testify in Chicago.

"MOTHER" JONES IS VERY CLEAR-MINDED. SAYS ROCKEFELLER

(Associated Press Telegram)

New York, Jan. 28.—At a conference today, John D. Rockefeller, Jr. expects to meet three representatives of the mine workers employed by the Colorado Fuel and Iron company, of which Mr. Rockefeller is a director, with a view of reaching a better understanding between employer and employees in the Colorado district.

The miners' representatives, with whom Mr. Rockefeller will consult, are Frank J. Hayes, vice president of the United Mine Workers of America; John R. Lawson, international executive board member of the United Mine Workers of America; and Edward L. Doyle, secretary of district No. 1 of the same organization.

The conference will be held in Mr. Rockefeller's office, where he received "Mother" Jones yesterday at the conclusion of his testimony before the federal commission on industrial relations. For two hours Mr. Rockefeller and the aged woman conversed together, after which newspapermen were admitted to the office and listened to Mr. Rockefeller's description of his talk with "Mother" Jones.

"I found Mrs. Jones a very clear-minded woman," Mr. Rockefeller told the newspapermen. "On all of the points upon which she laid stress throughout our conversation, I agreed with her view."

"I assured Mrs. Jones of my intention to go to Colorado as soon as my engagements will permit and make a further thorough personal inquiry on the grounds."

COLD WAVE

WARNING ISSUED BY FEDERAL WEATHER BUREAU FOR CENTRAL VALLEYS

Frost Tonight Predicted as far South as Central Florida—Colder in Ohio.

(Associated Press Telegram)

Washington, Jan. 28.—Cold wave warnings fluttered in the East today from the weather bureau observatories and this prediction was issued. "The cold wave covers the great central valleys and the upper lake region, the line of zero temperatures extending into southern Indiana. The lowest temperature reported was 56 below zero at White River, Canada."

"The cold weather will continue east, reaching the Atlantic coast tonight and continuing Friday. In the interior, cold weather tonight will be followed by rising temperatures Friday. There will be frost tonight as far south as Central Florida."

"Cold wave warnings have been ordered in extreme southwest, Virginia, West Virginia, interior of New Jersey and East Pennsylvania, New England and New York except the extreme west portion."

OHIO BEGINNING TO FEEL GRIP OF COLD.

(Associated Press Telegram)

Columbus, Jan. 28.—Ohio and its environs today began feeling the grip of the cold wave sweeping in from the west. In this city the mercury which showed a minimum of 15 degrees at 7 o'clock, had fallen to 12 two hours later and was still going down. Zero or lower temperatures were predicted for the central and southern portions tonight with the lowest temperatures along the lake.

CREST OF FRIGIDITY REACHES CHICAGO

(Associated Press Telegram)

Chicago, Jan. 28.—The crest of the cold wave, which swept down from the northwest today, embraced the central states. Iowa experienced temperatures from 18 to 20 degrees below zero; Wisconsin, 15 to 30 below; northern Illinois had 8 to 10 below, and Missouri towns reported 6 to 8 degrees minus.

The wave, according to Henry J. Cox, chief of the weather bureau here, was headed east.

The coldest day of the year dawned for Chicago with the mercury at 8 degrees below zero.

STEEL COMMON STOCK DROPPED ELEVEN POINTS

(Associated Press Telegram)

New York, Jan. 28.—United States Steel common stock, the feature of yesterday's "tiff" stock market, after the suspension of its dividend had been announced late Tuesday afternoon, dropped immediately to its new established minimum price of forty-three at the opening of the New York stock exchange today. On the floor of the Consolidated stock exchange it sold down to below 41, a loss of nearly 11 points within two days.

After touching the minimum, the stock rallied slightly, but fell back again. About 10,000 shares changed hands during the first half hour. The situation was somewhat complicated by the refusal of the London stock exchange to meet the new minimum here.

Another unusual feature in connection with the trading in Steel was the independent action of the Consolidated exchange in establishing a new minimum of 40.

NEW SUB-STATION ESTABLISHED BY THE POSTMASTER

A new substation has been established in this city by the postal authorities. Postmaster J. H. Newton announced today that station No. 3 will be placed in the Williams' drug store in Hudson avenue, with R. L. Williams as the clerk in charge. The office will be opened March 1. Assistant Postmaster Jacob J. Farmer states that the business of the local office is in excellent shape despite the business depression which has existed over the country, but which is fast being eliminated by the opening of the big factories all over the east.

BOYS AND GIRLS OF ZANESVILLE PLAY FRIDAY

Basketball teams of boys and girls from Zanesville High school will play teams of boys and girls of the Newark High school here Friday night. The girls' teams will open the evening's play when the boys' teams will clash for honors. Newark High easily defeated the Zanesville High school football team, but they may and a team of different calibre on the basketball floor. The game will be played at Hickey Hall, starting at 7:30 o'clock.

BASKETBALL AT GRANVILLE.

In the interschool series of basketball games the Sophomores and Seniors clashed Wednesday night, the game resulting in a victory for the Sophomores by a score of 16 to 9. In the fraternity series the Phi Gamma Deltas defeated the Sycamore club by a score of 35 to 14.

BARGAIN

FOR THE EXCHANGE OF A
MAN'S SOUL IS NOT A PROF-
ITABLE ONE

Evangelist Swift's Discussion to a
Large Crowd, Based Upon
Christ's Great Question.

Weighing the soul against the world was the proposition put before the people in attendance at last night's evangelistic service. Rev. Swift handled the subject in a most interesting and convincing manner. The sermon was based on Christ's question, "What shall a man give in exchange for his soul?"

"American people, especially the women," said the evangelist, "are always hunting bargains. They are always trying to buy something at cost or just below cost. Newspaper and street car advertisements are being scanned constantly for good bargains. How strange that the Scriptures are not as carefully scanned for the big bargains of life." Said he, "Let us put the world on one hand and the soul on the other and weigh them. Jesus puts the supposition—consider that it would be possible for a man to gain the whole world but in doing so he should lose his soul—What would it profit him? In the final accounting how would the balance stand?"

Napoleon tried to conquer the whole world. But he finally met defeat at Waterloo. No man ever possessed the whole world, nor can any man ever possess it. But Jesus puts the proposition for the sake of argument. Suppose a man had all the wealth of the world at his command. Suppose he could indulge in all the pleasures and enjoyments of life without let or hindrance, all the pleasures of eating and drinking and of indulging his every appetite and desire. Would he be content? No.

In the first place brevity would spoil his pleasure. Real pleasure—real enjoyment must be of an enduring and permanent nature. There are men who have amassed large fortunes. Then when they had passed their prime and too old to start over, panics have suddenly wiped their fortunes and they have died in poverty. Wealth is fleeting. It is unstable. A man spends half his life amassing wealth and the other half worrying lest it be swept away.

"But in the end what? What is the value of a man's life that has been spent in seeking worldly pleasure? It has been a life of selfishness—of sordid seeking after wealth for personal indulgence. In the end the soul passes beyond and leaves all behind. His soul passes into eternity tinted with sin—lost, lost forever. The greatest joy on earth is to have peace—a clear conscience—a clean life. There is only one way to obtain these conditions. That is by accepting Jesus Christ and living up to His standard. Jesus Christ bought your soul with His own precious life's blood. It belongs to Him. Will you let him have it? Will you give it to Him tonight?"

Everyone of Rev. Swift's sermons has the true ring. Those who have not been attending the meetings are missing a great opportunity.

The subject tonight is "An Old Love Story." Song service at 7:15 by the choir.

HARVEY MOORE TO ASSIST IN ELK MINSTREL

A pig-roast will be given the participants in the forthcoming Elk minstrels this evening in the club rooms in East Park Place. Over fifty people are to take part in the big minstrel show and a pleasant social evening is anticipated by all who expect to be present.

Col. Billy Hohl will act as master of ceremonies and will be ably assisted by his brother John. He has promised to outshine all previous efforts and a splendid menu will be the result.

Harvey Moore, who has held an engagement at the Virginia Hotel in Columbus for over a year, will be present next Sunday to assist in the rehearsal. In addition to singing a ballad, Mr. Moore will have an act in the olio, assisted by two of the state's best musicians. The same act has been booked through the largest vaudeville circuit in the United States next season. It will be given for the first time in Newark, and several well-known theatrical men will be here to look it over.

Newark Woman Cured of Her Backache

Mrs. C. J. Larason of 431 West Main street, Newark, O., says: "I suffered a great deal with a severe case of backache. My kidneys and bladder bothered me a great deal also. The pain was very distressing and I could not find any permanent relief. Finally Lloyd's Kidney and Rheumatism Tablets came to my attention. I started taking this new scientific prescription several months ago and I am now free from all backache. I never get up any more at night. My bladder and kidneys are in fine condition and I give Lloyd's all the credit I am glad to recommend them to others."

PRETTY GIRLS WILL BE SEEN AT VICTORIA

Starting tonight at the Victoria theatre, "The Rose of Panama" will be produced by a company of pretty girls and funny comedians. A number of good vaudeville acts are scheduled, and Manager Casper states that the company comes highly recommended. The prices are but 10 and 20 cents, and one hour and a half's pleasing entertainment is promised those who attend.

Sunday, Lyman H. Howe comes with his greatest pictures ever produced by him during his many years before the public. It is a stupendous naval spectacle, "The U. S. Navy of 1915," and "The Philippines of Yesterday and Today." Many other pictures will be shown, including the famous comedies. The reserved seat sale opened today, and it would be advisable to secure tickets in advance and get the choice of good seats as the Howe pictures always pack the house.

FARMER SUSTAINS BROKEN LEG WHEN TEAM RAN AWAY

John Davis, a well known farmer of the Welsh Hills met with an accident last evening about six o'clock which resulted in breaking his leg just above the knee.

Mr. Davis was driving a team of spirited horses hitched to a wagon and they became frightened at a passing locomotive. This occurred in Clinton street near St. Clair. The team started to run away and after going a short distance the wagon struck a water pipe overturning the vehicle and throwing out Mr. Davis who had been clinging to the lines hoping to bring the runaways to a stop.

When he fell Mr. Davis alighted in such a manner that his left leg was fractured. A telephone call brought the Cross Brothers' ambulance to the scene and the injured man was taken to the City Hospital where the fracture was reduced. He was resting very comfortably today.

The runaway team was caught by a pedestrian a short distance from the place where the wagon was overturned. The wagon was badly demolished.

How to Have the Best Cough
Remedy and Save \$2 by
Making it at Home

Cough medicine is a rule contain a large quantity of sugar. A pint of granulated sugar, 1/2 pint of warm water, stirred to a thick syrup, gives you a good cough syrup.

Then get from a druggist 2 1/2 ounces Pinex (50 cents) and pour into a pint bottle and fill with sugar syrup. This gives you a really better cough remedy than any you can buy ready made for \$2.50—a clear saving of nearly \$2. Full directions with it. It keeps perfectly.

It takes hold of the neural cough or cold and conquers it in 24 hours. It is a whooping cough, bronchitis and croup.

It's truly a how quickly it loosens the dry, tight cough and heals and soothes the inflamed membranes in the throat and chest. It also stops the irritation of phlegm in the throat and chest, thus ending the cough.

Pinex is a concentrated cough cure and extract, and has been used for generations to heal inflamed membranes of the throat and chest.

To avoid disappointment, ask your druggist for Pinex, and don't accept any other. I guarantee absolute satisfaction or money promptly refunded, given in this preparation. The Pinex Co., 14 Wayne, Ind.

Granville

(Special to The Advocate)

Granville, Jan. 28.—The Granville Women's Music club met at the home of the president, Mrs. Howard Darrow in Main street, yesterday afternoon at half past two, and enjoyed to the full, the wonderful program presented by the leader, Mrs. C. B. White. She has set the standard high, and every member feels the obligation to rise to the demand. Miss Blanche Lattre opened the program with "Current Events," which is to be a feature of each meeting. This was followed by the afternoon's musical offering, "Grieg's Music to Ibsen's Peer Gynt." This dramatic poem, which might almost be termed a fantastic fantasy, was written by Ibsen in 1867. In 1875 it was produced with Grieg's musical setting and was repeated thirty-six times the first year. In 1906, it was produced in this country for the first time, in Chicago, with Richard Mansfield in the title role. Although the music is familiar to music lovers, the story is little known or understood, and Mrs. White's recital of the tale was of enthralling interest. She called upon Mrs. Fred Seymour to read several powerful scenes in the play, before announcing the musical numbers. The program, as rendered was as follows: "Grieg's Lament," Mrs. Alfred Orcutt, Mrs. Susan Bowden; "In the Hall of the Mountain King," Mrs. C. B. White, Mrs. G. M. Strong, Mrs. Howard Darrow, Mrs. J. S. Jones; "Aase's Death," Mrs. White, Mrs. Darrow; "Morning Mood," Mrs. Darrow, Mrs. Jones; "Arabian Dance," Mrs. Orcutt, Mrs. Bowden; "Anitra's Dance," Mrs. Darrow, Mrs. Jones; "Solveg's Sunshine Song," Mrs. Theodore Johnson, soprano; Mrs. White, accompanist; "Storm and Shipwreck on the Norwegian Coast," Mrs. Orcutt, Mrs. Bowden; "Solveg's Cradle Song," Mrs. Jacob Rohrer, soprano. Mrs. White, accompanist.

At the conclusion of the program, the hostesses of the afternoon, Mrs. C. W. Chamberlain and Mrs. W. P. Ullman served dainty refreshments, while Mrs. R. S. Colwell presided at the tea urn. Guests of the club were Mrs. Orcutt, Mr. C. J. Rose, Mrs. W. H. Johnson, Miss Mary McKibben, and Miss Harriet Hunt of Boston.

Mrs. R. S. Colwell, who with her little son, has been spending the winter at the home of her parents, Mr. and Mrs. Burton Case in Broadway, left this morning for the west. After a brief visit with her husband's parents, Mr. and Mrs. H. W. Edwards in Madison, Ind., she will go to Des Moines, Iowa, where Mr. Edwards is office manager for Lamson Bros. & Co., Chicago grain dealers.

Dr. and Mrs. W. A. Chamberlain were honor guests at the "German table" in Shepardson dining hall last evening.

Mr. Ernest Ashbrook, a successful young business man of Kansas City, Mo., is visiting his parents, Mr. and Mrs. M. P. Ashbrook. On his return west he will be accompanied by his younger brother, Forrest Ashbrook.

Dr. and Mrs. R. S. Colwell will start tomorrow for Washington, D. C., and Providence, R. I., for a few days' visit.

The committee appointed by President Woodard of the Athletic Association to manage the Dandy Darkies minstrel show this spring, is made up of the following men: R. H. Williams, chairman, Bjelke, Taylor, Swanson, Nellis, Long and Jack Hundley. Nearly all of these men have had an active part in the Dandy Darkies, all but Hundley having performed in the circle, and Long being an end-man last year. This committee in itself should assure the success of the show, Mr. Williams being eminently capable of handling the performance.

The Washington banquet to be given by the Denison Seniors on Friday evening, February 19, is already engendering the attention of the young people. From all accounts this brilliant social function of the school year promises to eclipse all former efforts. One might as well be out of the world as out of the fashion. The Washington banquet is "the fashion" at Denison. Dances are being made already for this important event. Newark "Denisonians" are always welcome on this occasion, and it is worth while to come into touch with "Alma Mater" once in a year.

Mrs. C. B. Newton of Bowling Green, (Miss Benedict of Denison Conservatory), and her sister-in-law, Miss Belle Newton, are expected in Granville for the Washington Banquet on the 19th.
